• HK\$3,000 and above	HK\$15
• Below HK\$3,000	HK\$35

¹ The monthly below balance fee applies to each Integrated Account held by the customer.

^{^^} "Personal Integrated Account" is also named as 'SmartVantage'; Personal Integrated Account and SmartVantage are used interchangeably in customer communications including account statement, bank forms/advices, internet banking platform etc.

The above fee structures are based on your Total Relationship Balance (TRB)¹ which includes:

- Hong Kong dollar/renminbi/foreign currency deposits
- Market value of the following investments: local and overseas securities, unit trusts, bonds, certificates of deposit, equity linked investments, structured notes, Monthly Investment Plan (Stocks/Unit Trusts) and Wayfoong Statement Gold
- Deposit amounts of Deposit Plus and Structured Investment Deposits
- Utilised lending facilities (excluding mortgages and amounts outstanding on credit cards)
- Life insurance with savings or investment component*
- HSBC MPF balances and HSBC ORSO Defined Contribution Scheme balances which are administered by HSBC Life (International) Limited

1. Investment-linked life insurance policies include the total cash value of the policies;
2. Other life insurance policies include the total cash value of the policies OR total premium paid less any annuity payments received (if applicable), whichever is higher.

Should your TRB remain below HK\$1 million for 12 months, your HSBC Premier service tier may be withdrawn.

To determine your overall TRB in sole capacity, the applicable TRB of all your personal sole account(s)² and all your joint account(s)³ will be included in the calculation.

To determine your overall TRB in joint capacity, the applicable TRB of all your joint account(s)² held with the same joint account holders will be included in the calculation. All life insurance, MPF and ORSO Defined Contribution Scheme policies are held under personal sole account only, the account balances shall not be included in the TRB calculation in joint capacity.

Note:

1. There may be a time lag before the value of certain investment transactions (eg Initial Public Offering (IPO) subscriptions for securities, bonds, open-end funds and certificates of deposit) and life insurance policies will be included in the TRB due to the processing time required and therefore may affect the TRB in the Bank's record.
2. All these accounts must be held or registered under the same name(s) and identity number(s).
3. Your name and identity number held or registered under these joint accounts must be the same as that held or registered under your sole account.

² The APR is calculated based on a set of assumptions as set out in the relevant guidelines as referred to in the Code of Banking Practice and the actual APR applied to your card account may be different. US dollar Visa Gold Card requires payment of the statement balance in full and the APR (calculated by assuming only 1% of the current balance plus the total fees and charges currently billed to the card statement are settled each month) is for reference only.

⁴ If your statement balance (excluding all fees and charges currently billed to your card account) exceeds the existing credit limit on your card, we will treat this as your informal request for raising your credit limit. We may agree to your request and charge, without prior notice, a

handling fee for considering and agreeing to your request.

5 If you present a cheque drawn on, or make an autoPay payment from, banks other than HSBC for the purpose of credit card repayment, and the cheque or payment is subsequently returned or rejected, **we will treat this as your informal request for special handling services** and may charge, without prior notice, a handling fee for such service.
